Sir,

With reference to Government order No. 3641-6 / No. F. 320-96 dated the 15th September 1899 calling for opinion about enacting the establishment of Work Inspectors permanent or and also about the scale of pay to be fixed thereto, I beg to state that there are Work Inspectors in only 3 of the 5 Talukas of this District viz: Chikmagalur Kadur Tarikere. Their retention is absolutely necessary for the proper execution of the works to be done out of the municipal and District Funds. If they are removed those works will suffer from want of proper supervision. In regard to the scale of pay to be allowed to them I beg to state that Mr. Carr has already opined that it should be in the 25 to 30 horse allowance rising to Rs 30/- + 10 as horse allowance with a rise of Rs 2/- each, and given reasons therefor. This was sanctioned by Government in order No. 1058-6 / No. F. 320-96 dated the 24th April 1899; and subsequently in order No. 320-1 / No. F. 320-96 of the 5th July 1899 the rate of increment to reach the maximum of one rupee per annum was also sanctioned.

I have the honor to be,
Your most obedient servant.

[illegible]
President of the Mun'l & Dt. Fd. Board

Government Proceedings no: 13938–46 / L. F. 320–96
Dated 30th June 1897. is in my opinion too meagre to permit an out-door official to keep and maintain a tolerably decent pony — which is quite necessary if he should at any moment be called upon to go over long distances and I would fix the same at a minimum of Rs 10.

3 —— In my letter referred to above, a special rate of Rs 35+15 (allowance) has been fixed for the Hassan Taluk in view of the importance of the Taluk and the necessity of having a particularly qualified hand there whose services can be utilized at any

time

time (the present incumbent being one of such) and a similar allowance has been fixed for the malnad Taluks of Manjanabad and Belur which I have coupled for the purposes of supervision for the reasons stated therein, and with regard to the rest of the Taluks, the minimum allowance of Rs 10 may be Convenuently adopted.—

4 The alterations that I have proposed in this letter have special preference to the big Taluks of Chennarayapatna and Arsikere each of which may be allowed a Work Inspector on ~~Rs~~ 20+10 (horse allowance) + Rs 6 (peon)

5 — In the above circumstances

I beg to report as called upon in Government Proceedings no: 3641—9 / L. F. 320—96 Dated 15th September 1899 that the — marginally specified scale of permanent establishment seems to me best suited for the requirements of this District and I request that Government will be pleased to accord sanction to the same. —

Office of the President of Municipalities

The Secretary to the Govt of Mysore.
General & Revenue Department.

Sir

In reply to Government Proceedings
No. 3641-9 dated 15th September 1899,
L.F. 320-96
I have the honour to state my opinion
as follows:—

2. Taking the last year into consideration, I find that the amount spent actually on works in the Taluks and Municipalities of the District (excluding Shimoga Town) amounted to Rs: 14947-10-7. The cost of the Inspection staff was 1715-9-3. This is more than 10 per cent of the amount spent. Such I find that the amounts sanctioned

actually—

actually amounted to Rs 32688 —o—

3 The provision in the existing rule that if 10 per cent of the sum spent so exceeded a reduction should be made it is hardly possible to carry out in practice, as it cannot be ascertained beforehand whether the whole of the sanctioned amounts will be worked out within the year or not. It would moreover be hard to turn out such officials on the score of the expense on works not coming up to the required limit and it would be impossible to get proper men on such terms

4 That some supervising official is necessary to carry out these works properly has been proved by experience and in fact it has been accepted in the Government Proceedings No 13938-46 L. F. 320-96. dated—

dated 3rd June 1897, which first sanctioned these appointments. I would suggest that the establishment be made permanent and that the cost be divided equally between Municipal District and Provincial Funds. The establishment is necessary as these officers are at present actually employed to supervise and carry out works sanctioned and carried out in the Revenue Department from Provincial funds.

5. Assuming that this would commend itself to Government I would also suggest that there should be a separate official for each Taluk and Sub Taluk. Giving one official two more Taluks than one merely gives more to him in short work and responsibility in both the places. I would have these officials classed

As ——

as follows: —

20 Rs: Shemoga, Sagar, Sirthalli, Chennagiri.

15 Rs: Honnali Shikarpur Sorab Hagga & Kumsi

The town of Shemoga may have one additional person on 20 Rs: as the works executed there more than pay for the official at 10 per cent.

To encourage good work the pay may be made progressive up to 5 Rs more in each case by yearly increment

I have the honor to state that a reference regarding the proposal to increase the scale of the work Inspector's Establishment in the French Rocks Sub division, was made in this office No 169 dated 17th december 1901. No reply has yet been received thereto. I request therefore that early orders of Government may kindly be obtained in this matter.

Proceedings No 2446-41 / L.7320-96 dated 9th August 1901 with the result that the salary of the first work Inspector was reduced from Rs 30+10 to Rs 15+6 and the appointment of a Peon on Rs 6 was abolished. The salary of the second work Inspector viz: 15+6 remained as before.

2. As noted in the margin a sum of Rs 11059-2-6 is available for expenditure during the current official year. Even allowing Rs 3000/- to lapse, the expenditure for the year would still be above Rs 8050. The cost of the establishment of the work Inspectors as sanctioned in Government Proceedings No 13938-46 / L.7320-96 dated 30th June 1897, may therefore be kept within the 10 percent of this amount.

Description of funds.	Amount		
Municipal Funds	3195		
District Funds	3040		
Local Funds general	4824	2	6
Total	11059	2	6

3. There are 5 Taluks and one Sub Taluk in this circle and the work Inspectors find it hard under the reduced pay and allowance recently ordered, to carry on their Supervision of the works lying far away from Head Quarter with that fecility which they had before the said reduction. They complain that their present Salary is not sufficient to meet expenditure required for out door work at long distances from Head Quarters.

4. As funds permit the maintenance of the establishment at the original scale pay and Allowance, I beg to propose that as before, one of the work Inspectors be paid Rs 30+10 and the other Rs 15+6 and a Peon be re-entertained on Rs 6/- from the current month.

5. The total expenditure on the establishment at the reduced scale (of Rs 42 a month) for 5 months (ie up to the end of November) and at the original scale for the next seven months will come to Rs 679 or 8.43 per cent of the expenditure of Rs 8050.

6. I therefore request that you will be so good as to obtain early sanction of Government to the above proposal
